TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF  
TRAINING COURSES FOR GENERAL PURPOSE COMMERCIAL  
INFORMATION TECHNOLOGY EQUIPMENT AND SOFTWARE  
(SPECIAL ITEM NUMBER 132-50)

1. SCOPE

- a. The Contractor shall provide training courses normally available to commercial customers, which will permit ordering activity users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.
- b. The Contractor shall provide training at the Contractor's facility and/or at the ordering activity's location, as agreed to by the Contractor and the ordering activity.

2. ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the student's name, course title, course date and time, and contracted dollar amount of the course.

3. TIME OF DELIVERY

The Contractor shall conduct training on the date (time, day, month, and year) agreed to by the Contractor and the ordering activity.

4. CANCELLATION AND RESCHEDULING

- a. The ordering activity will notify the Contractor at least 10 days before the scheduled training date, if a student will be unable to attend. The Contractor will then permit the ordering activity to either cancel the order or reschedule the training at no additional charge. In the event the training class is rescheduled, the ordering activity will modify its original training order to specify the time and date of the rescheduled training class.
- b. In the event the ordering activity fails to cancel or reschedule a training course within the time frame specified in paragraph a, above, the ordering activity will be liable for the contracted dollar amount of the training course. The Contractor agrees to permit the ordering activity to reschedule a student who fails to attend a training class within ninety (90) days from the original course date, at no additional charge.
- c. The ordering activity reserves the right to substitute one student for another up to the first day of class.
- d. In the event the Contractor is unable to conduct training on the date agreed to by the Contractor and the ordering activity, the Contractor must notify the ordering activity at least seventy-two (72) hours before the scheduled training date.

## 5. FOLLOW-UP SUPPORT

The Contractor agrees to provide each student with unlimited telephone support or online support for a period of 90 days from the completion of the training course if requested and agreed to in advance. During this period, the student may contact the Contractor's instructors for refresher assistance and answers to related course curriculum questions.

## 6. PRICE FOR TRAINING

The price that the ordering activity will be charged will be the ordering activity training price in effect at the time of order placement, or the ordering activity price in effect at the time the training course is conducted, whichever is less.

## 7. INVOICES AND PAYMENT

Invoices for training shall be submitted by the Contractor after ordering activity completion of the training course. Charges for training must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

## 8. FORMAT AND CONTENT OF TRAINING

a. The Contractor shall provide digital materials normally provided with course offerings unless otherwise specified. Such documentation will become the property of the student upon completion of the training class.

b. **\*\*If applicable\*\*** For hands-on training courses, there must be a one-to-one assignment of IT equipment to students.

c. The Contractor shall provide each student with a Certificate of Training at the completion of each training course upon request after class survey is completed.

d. The Contractor shall provide the following information for each training course offered:

(1) The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);

(2) The length of the course;

(3) Mandatory and desirable prerequisites for student enrollment;

(4) The minimum and maximum number of students per class;

(5) The locations where the course is offered;

(6) Class schedules; and

(7) Price (per student, per class (if applicable)).

e. For those courses conducted at the ordering activity's location, instructor travel charges (if applicable), including mileage and daily living expenses (e.g., per diem charges) are governed by Pub. L. 99-234 and FAR Part 31.205-46, and are reimbursable by the ordering activity on orders placed under the Multiple Award Schedule, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts. The Industrial Funding Fee does NOT apply to travel and per diem charges.

f. For Online Training Courses, a copy of all training material must be available for electronic download by the students.

9. "NO CHARGE" TRAINING

The Contractor shall describe any training provided with equipment and/or software provided under this contract, free of charge, in the space provided below.

NONE

Course Title	Description
CompTIA A+ Certification	In this course, students will acquire the essential skills and information students will need to install, upgrade, repair, configure, troubleshoot, optimize, and perform preventative maintenance of basic personal computer hardware and operating systems. This course prepares students for the CompTIA A+ exams (220-901 & 220- 902).
CompTIA Network+ Certification	In this course, students will describe the major networking technologies and systems of modern networks, and be able to configure, manage, and troubleshoot modern networks. This course will help the students prepare for the N10-006 exam and certification
CompTIA Security+ Certification	In this course, students will implement, monitor, and troubleshoot infrastructure, application, information, and operational security. Students will prepare for the CompTIA Security+ certification examination (SY0-401 or SY0-501).
CompTIA Linux+ Certification	Students will acquire the skills needed to install and support one or more distributions of the Linux operating system and learn information and skills that will be helpful as they prepare for the CompTIA Linux+ Powered by LPI exams (LXO-103 & LXO-104).
CompTIA Cybersecurity Analyst (CySA+) Certification	The course introduces tools and tactics to manage cybersecurity risks, identify various types of common threats, evaluate the organization's security, collect and analyze cybersecurity intelligence, and handle incidents as they occur. This course prepares students for the CS0-001 exam
CompTIA Advanced Security Practitioner (CASP)	In this course, students will expand on their knowledge of information security to apply more advanced principles that will keep their organizations safe from the many ways they can be threatened. This course prepares students for the CAS-002 exam
Certified Information Security Manager (CISM)	In this course, students will establish processes to ensure that information security measures align with established business need
EC-Council Certified Ethical Hacker (CEH) v10.0	This course provides the advanced hacking tools and techniques used by hackers and information security professionals alike to break into an organization. It prepares students for the Certified Ethical Hacker certification exam.
Certified Information System Security Professional (CISSP 2015)	This course provides a comprehensive discussion against an internationally accepted common body of knowledge encompassing eight security domains which include Security and Risk Management, Asset Security, Security Engineering, Communication and Network Security, Identity and Access Management, Security Assessment and Testing, Security Operations, and Software Development Security. This course covers the eight domains that are required knowledge for the CISSP certification exam
Scrum Master	This course guides & teaches Scrum practices to everyone involved in the project; clears impediments for the team; and, ensures that Scrum processes are being followed. Successful candidates will be awarded the Scrum Master Certified certification

VMware® vSphere: Install, Configure, Manage v6.5	This course focuses on installing, configuring, and managing vSphere, which includes ESXi and vCenter Server. This course prepares the student to administer a vSphere infrastructure for an organization of any size. It is the foundation for most other VMware technologies in the software-defined data center
VMware® Horizon 7.3: Install, Configure, Manage	This course gives students the skills to deliver virtual desktops and applications through a single virtual desktop infrastructure (VDI) platform. This course teaches you how to configure and deploy pools of virtual machines, how to manage access and security of the machines, and how to provide a customized desktop environment to end users
ITIL® Foundation 2011 Edition	ITIL Foundation certification training program introduces the student to the fundamentals of IT Service Management (ITSM) based on ITIL 2011 Edition. This course covers the latest version of core ITIL best practices presented from a lifecycle perspective
Agile Project Management Methodologies	This course is designed for Project Managers, Program Managers, or anyone who wants to efficiently manage projects that experience frequent changes in user requirements.
Certified Associate in Project Management (CAPM)®	In this course students will apply the generally recognized practices of project management acknowledged by the Project Management Institute (PMI) to manage projects successfully
Project Management Professional (PMP)® Certification Preparation Course	In this course, students will apply the generally recognized practices of project management acknowledged by the Project Management Institute (PMI) to successfully manage projects
