

Microsoft PowerPoint for Office 365 (Desktop or Online) - Part 1

Overview

By exploring the vast array of features and functionality contained within PowerPoint, you will gain the ability to organize your content, enhance it with high-impact visuals, and deliver it with a punch. In this course, you will use PowerPoint to begin creating engaging, dynamic multimedia presentations. The course material will also enable you to access and effectively utilize many web-based resources provided with your Office 365 subscription. This includes brief coverage of key skills for using PowerPoint for the Web and OneDrive. Helpful notes throughout the material alert you to cases where the online version of the application may function differently from the primary, desktop version.

Prerequisite Comments

To ensure your success in this course, you should have end-user skills with any current version of Windows®, including being able to start programs, switch between programs, locate saved files, close programs, and access websites using a web browser. To meet this prerequisite, you can take any one or more of the following courses:

Using Microsoft® Windows® 10

Microsoft® Windows® 10: Transition from Windows® 7

Target Audience

This course is designed for students who wish to gain a foundational understanding of PowerPoint that is necessary to create and develop engaging multimedia presentations.
